

All of us have been baptized into one and the same Spirit, who bears witness that we are children of God. The same Spirit, the Advocate, was given as a gift to the disciples to teach them everything and to strengthen them to go forth in the name of the Lord, "to renew the face of the earth."

CSA Update Campaña de Servicios Católicos

Thank you to all who have returned your pledge cards for the 2014 Catholic Services Appeal. With just 208 pledge cards turned in so far, our pledges already total 69% of our 2014 goal! To those of you who have not yet made your pledge, please help us fill the remaining shortfall of \$36,463. Gifts of any size are welcome. If you cannot give a large gift, consider giving a small one. Remember that the diocese combines our CSA gifts with those from parishes throughout our diocese to fund a wide variety services and ministries that cannot be carried out at the parish level. Remember also that any CSA gifts that exceed our parish goal stay right here at St. Francis.

Gracias a todos los que ya regresaron sus tarjetas de compromiso para la Campaña de Servicios Católicos 2014. ¡Con solamente 208 tarjetas recibidas hasta ahorita, nuestros compromisos suman un total del 69% de nuestra meta! Las personas que no han hecho su compromiso, ayúdenos por favor para cubrir el déficit que es de \$36,463. Contribuciones de cualquier cantidad son bien recibidas. Si no puede dar mucho, considere el contribuir con un poco. Recuerde que la diócesis combina nuestra contribución con las contribuciones de las otras parroquias de la diócesis para sufragar los gastos de varios servicios y ministerios que no pueden ofrecerse a un nivel parroquia. Recuerde también que cualquier cantidad de las contribuciones a CSA que exceda nuestra meta se quedara aquí en la parroquia para ayudar a financiar nuestros ministerios.

To Your Health

Martha Kuyten, Parish Nurse
What is Dementia, and what should we know about it. (Part 3 of 4)

Another common type of dementia is Parkinson's disease. Parkinson's is a progressive neurological disorder that primarily affects movement – it is often characterized by tremor, muscle stiffness, slow movements or impaired balance. Unfortunately, there are no treatments available to slow or stop the brain damage that occurs from Parkinson's disease dementia; rather, current treatments focus on reducing symptoms. Approximately 5.2 million Americans have Alzheimer's disease or some other form of dementia. Experts estimate that this number will rise to 13.8 million by 2050. The cost of treating these conditions is increasing at a similar rate.

¿Qué es la Demencia y que debemos de saber acerca de ella? (Parte 3 de 4)

Otro tipo común de demencia es la enfermedad del Parkinson. Parkinson es un desorden neurológico progresivo que afecta principalmente la movilidad de la persona — se caracteriza frecuentemente por temblores, rigidez de los músculos, movimientos lentos o pérdida de balance. Desafortunadamente, no hay tratamientos disponibles para retardar o parar el daño que ocurre al cerebro por sufrir de esta enfermedad; mas bien, los tratamientos actuales se enfocan en reducir los síntomas. Hay aproximadamente como 5.2 millones de Americanos que tienen la enfermedad de Alzheimer o algún otro tipo de demencia. Los expertos calculan que este numero subirá a 13.8 millones para el 2050. El costo para el tratamiento de estas condiciones se está incrementando en la misma proporción.
